SUMMARY

Full-Stack Developer with expertise in React, Next.js, and TypeScript. Proven track record of building responsive, user-friendly applications that enhance user experience. Strong collaborator in dynamic environments, consistently delivering results that exceed expectations. Committed to driving positive outcomes and contributing to team success.

SKILLS

- JavaScript
- React Js
- Django
- MongoDB
- AWS
- PostgreSQL
- Technical Writing
- React Native
- Python programming
- Typescript
- Tailwindcss
- Next JS

EXPERIENCE

Fullstack Developer

11/2025 – Present

Hooom Technologies

- Developed full user authentication systems using JWT, secure password hashing, and role-based access control.
- Built responsive frontend interfaces with React/Next.js and integrated them with backend APIs.
- Designed and implemented RESTful endpoints using Node.js and Express.
- Created database schemas and queries using MongoDB/PostgreSQL and ORMs like Prisma or Mongoose.
- Integrated third-party services such as payment gateways, email services, or cloud storage.

Freelance Web Developer

03/2022 – Present

Freelance

Remote

- Designed and developed responsive, user-centric web applications for clients across the fintech, healthtech, and e-commerce sectors.

- Built production-ready interfaces with React.js, Next.js, TypeScript, and Tailwind CSS, integrating RESTful APIs, and ensuring cross-device optimization.
- Collaborated with teams to implement authentication, data visualization, and interactive dashboards, while maintaining high accessibility and performance standards.
- Notable projects include:
 - AscendlyAI – ascendly-ai-gilt.vercel.app – an AI-powered platform for resume and cover letter generation.
 - MindAI Journal – mindjournal.site – an interactive journaling web app with rich text editing using Tiptap.
 - ArtFolio artfolio-tau.vercel.app – a portfolio website showcasing a graphic designer's projects.

Front end developer

01/2024 – 11/2024

Sozorock Tech Inc.

- Implemented modern frameworks, enhancing development speed by 40%.
- Collaborated with cross-functional teams to deliver projects on time.
- Integrated APIs seamlessly, expanding functionality and user reach.
- Maintained high code quality through rigorous testing and reviews.
- Crafted responsive web designs that boosted user engagement by 30%.
- Revamped a corporate website using Next.js, leading to measurable increases in traffic and engagement.
- Developed a custom UI library, increasing developer productivity, and streamlining code reuse.

Full-Stack Developer Intern

05/2022 – 12/2022

Zuri team

- Implemented modern frameworks, enhancing development speed by 40%.
- Collaborated with cross-functional teams to deliver projects on time.
- Integrated APIs seamlessly, expanding functionality and user reach.
- Maintained high code quality through rigorous testing and reviews.
- Crafted responsive web designs that boosted user engagement by 30%.
- Revamped a corporate website using Next.js, leading to measurable increases in traffic and engagement.
- Developed a custom UI library, increasing developer productivity, and streamlining code reuse.

EDUCATION

Bachelor of Engineering B.Eng, Mechanical engineering

2018 – 2024

Federal University of Technology, Federal University of Technology, Federal University of Technology, Akure, Ondo State

Second Class Upper

- Graduated with Honors in Bachelor of Engineering - B.Eng.
- Achieved a GPA of 4.04/5.0 in engineering coursework.
- Completed a capstone project on Water Purification for Household.
- Received the Dean's List award for 2 consecutive years.

HOBBIES

Playing football | reading | music | movies | exercising

CERTIFICATION

Meta Front-End Developer I

08/2023

Coursera/Meta

Completed training focused on HTML5, CSS3, JavaScript ES6+, and responsive design principles. Built interactive and accessible web pages emphasizing usability, performance optimization, and modern UI/UX practices.

Meta Front-End Developer II

09/2023

Coursera/Meta

Advanced coursework on React.js, state management (Context API, Redux), and API integration. Delivered a capstone React project demonstrating expertise in component-based architecture, asynchronous data handling, and frontend testing using Jest.

FullStack Developer

09/2022

Zuri Team

Gained practical experience in both frontend and backend development using HTML, CSS, JavaScript, React, Node.js, and Express. Collaborated on team-based projects with Git/GitHub, implemented RESTful APIs, and built responsive user interfaces with reusable components and authentication features.
